Late News Flashes

BARGAINING ON
Negotiations resumed today, after a five-hour break, their marathon bargaining to end the Chrysler strike which started 38 days ago. United Automobile Workers (CIO) and Chrysler representatives had met continuously for 48 hours when they gave in to exhaustion and recessed at 4 a.m.

LAST-DITCH EFFORT
TORONTO, May 2.—(UPI)—Last-ditch negotiators to avert a threatened strike of public transportation workers in Hamilton, Ont., opened today in the office of Ontario Labor Minister Charles Daley.

LOAN GRANTED
WASHINGTON, May 2.—(UPI)—International bank for reconstruction and development announced today it has granted a loan of \$25,000,000 to the Canadian-owned Mexican Light and Power Company, Limited, for electric power development.

STRIKE STAGED
SARASOTA, Fla., May 2.—(UPI)—More than 600 employees of the Electric Auto Line, Co., at Sarasota, Fla., staged a strike today and immediately set up picket lines around the plant.

OFFICIALS OF THE National Auto Workers Union said the strike was called to protest "accumulated grievances."

WARNING SHOTS
TEL AVIV, Israel, May 2.—(UPI)—An Israeli air force fighter fired warning shots over a machine gun today at a United Nations DC-3 transport, forcing it to land. Israeli authorities said the plane flown by an American pilot, violated air transit regulations.

CASE REMANDED
MOOSE JAW, May 2.—Thomas Gar, charged with murder in the mutilation slaying of Vernal Harrel of Moose Jaw has been remanded until May 10 for preliminary hearing. Gar appeared in Moose Jaw court this afternoon. No plea was entered.

ANTI-RED MOVE
OTTAWA, May 2.—(UPI)—A motion for legislation to make Communism and "similar activities" in Canada punishable under the criminal code was moved in the Commons today by George Drew, Progressive Conservative leader.

SALARIES UP
REGINA, May 2.—(UPI)—An agreement calling for increased salaries to government employees of historical or professional status has been signed between the Saskatchewan Civil Service Association and the provincial government.

Big Walt Dropp
Plays First Base
For Boston Sox
BOSTON, May 2.—(UPI)—Walt Dropp took over first base for the Boston Red Sox today, confident he would make the grade as permanent replacement for the injured Billy Goodman.

"It's a tough break for Billy but a good one for me," said the six-foot five-inch infielder who was brought up from the Louisville Colonels when Goodman sustained a chip fracture of the left ankle.

This was the second injury for Dropp, who was sent back to the minors last year when he had trouble hitting major league pitchers.

Woman Wins
Breakout Contest
By Close Guess
WHITEHORSE, Y.T., May 2.—(UPI)—Good judgment by Mrs. Becker won her \$250 cash when she won the famed Yukon ice-breakup guessing contest at Whitehorse.

Mrs. Becker was only six minutes out from the official time for the Yukon ice-breakup contest. It was officially clocked out at 3:08 a.m. (YST) today and Mrs. Becker hit the jackpot with her guess of 315 a.m.

But the Yukon ice moved on a second earlier, Mrs. Fred Becker would have had to split the money with Albert Davis, also of Whitehorse.

BUTTER PRICE HERE
IS CUT FIVE CENTS
Butter prices yesterday dropped five cents a pound in major Edmonton stores to 56 cents.

The price drop follows a three-and-a-half cent decrease in the federal government butter price early last week.

Wholesale price of butter in western Canada is now 55 cents.

The price reduction was made, agriculture spokesmen announced, to assist in moving the mounting butter supplies in government hands.

Marlboros Score First and Final Goals

FIRST GOAL in last night's Allan Cup opener was scored by Toronto Marlboros' Don Rose, beating Calgary Stampeder goalie Russ Dettell. Bill Johnson (6) promptly embraces Rose while referee Red Storey points out the goal-keeper. Stampeder defencemen Hugh Coffin (2) and Jack Taggart miss out on the play at right. Toronto won the game 6-5. Scotty Fair scoring the winner 14 seconds from full time.

Stamps Lose Opener Of Allan Cup Finals

By Stan Mohr
Sports Editor
CAMPBELL, May 2.—What's that old saying, the one about "He who lives by the sword shall perish by the sword?"

Well, even if they can't quote it any more accurately, Calgary Stampeder found-out that it still holds good as they dropped the opening game of the Allan Cup final to Toronto Marlboros here last night by a 5-3 count.

All season Stampers' rookie defencemen, buty Hugh Coffin has gone and come from the penalty box with a regularity that earned him "bad-man" honors in the Western Canada League.

At Lansdowne Park June 28 to July 13 by West Coast Hockey Club Ltd.; at Lansdowne Park July 14 to 20 by Brighouse Park Ltd. At Exhibition Park Aug. 2 to 17 by Woodbrook Park Ltd.; at Exhibition Park Aug. 18 to Sept. 4 by Asot Hockey Club.

8-Inch Blood-Stained Knife Crown Exhibit

A blood-stained eight-inch butcher knife, said to be the weapon which caused the April 19 death of city Chinese grocer Wei Hon "Jimmy" Fon, was entered an Exhibit No. 1 today as the Crown opened its preliminary hearing of 10-year-old Mrs. Marie Smith on a charge of murder.

The pretty ex-waitress, a bride of four months, was booked on the capital charge after she and her husband took police to Pao's Bie Grocery, 1025-56 street, shortly before 4 a.m., April 19, where they said there had been a fight.

The 42-year-old Chinese grocer's body was found lying against a counter at the south side of the rear section of his combined living-business premises.

3 Banners Confiscated

DUNHELMER, Alta., May 2.—(UPI)—Three banners prepared for a May Day parade in this mining center yesterday were confiscated by RCMP before the celebration got under way. The banners bore the slogans "Fight for Peace," "Ban the Bomb" and "Workers of the World Unite."

John Brown, secretary of sub-district one and two, United Mine Workers of America, called the police action "shameful" during an address at a public meeting following the seizure.

Miners from outlying areas were brought here by special train buses and automobiles. More than 600 men and women marched in the parade, some carrying banners calling for "Public Works Program at Union Works."

About 1,000 miners in this district are out of work as the result of coal mines closing from lack of demand for coal.

Long-Term Theft

COLUMBUS, O., May 2.—(AP)—Miles Damon Gow, who stole \$100,000 from a Jackson, O., bank over a 21-year period, Monday was sentenced to 10 years in Federal prison.

Twins Miss Breakfast But For Good Reason

The Toddlers twins went without breakfast today.

Tails was necessary to a 4-333 could be taken of their stomachs and gastro-intestinal tract.

Substances such as barium need to be given internally in such cases so that the X-ray beams will show up on x-ray plates in the same way as do bones.

It will be part of the exhaustive tests being made preliminary to a major operation today, May 4, to separate the two girls who were born joined at abdomen, when born Nov. 17.

'Almost Next To Murder' Is Charge

Death of four persons in an auto-truck crash on the Calgary-Edmonton highway at Nisku while the RCMP was flagging down traffic for a check was "almost next to murder."

That's how Carl Berg, vice-president of the Trades and Labor Congress of Canada, and other members of the group described the tragedy last night.

"The RCMP practice of stopping motor vehicles on a road no wider than when granddaddy drove them in his demerol is criminal," Joseph Cherrington, business agent of the Hotel and Restaurant Employees, said.

Meanwhile, the Alberta Safety Council, without mentioning the tragedy or the cause of it, issued a statement declaring that motorists should not stop or be stopped on narrow two-lane highways such as the Calgary Trail.

Members of the Trades and Labor Council were bitter as they discussed circumstances of the death near 1 a.m. Saturday.

"This was a 'meeting' of the mind," said one of the demonstrators, member, Lorne (Duke) Campbell. He was a charter member of Edmonton local of the Association of Fire Fighters.

Mr. Campbell, a captain in Edmonton fire department which he joined July 10, 1943, was killed in an RCMP highway patrol check on Calgary Trail near Nisku, 12 miles from Edmonton. Killed with him were Ellis Joseph (Bud) Akis, driver of the car which crashed into the rear of a parked lumber truck, and Lloyd Bonnyman.

"This was a 'meeting' of the mind on the highway should be stopped," said Mr. Cherrington, business agent of the Hotel and Restaurant Employees.

'Didn't Have a Chance'

He recalled that Alberta law had emphasized the need for a driver to stop as quickly as he can. Where a driver is stopping a truck at 1 a.m. loaded with a driver, he said, "he had no chance."

One member observed "now you have got it" where Mr. Cherrington described as "criminal" the stopping of vehicles on the highway by RCMP.

"That is the answer," said Jim Smith. "It is the fault of the RCMP. The RCMP flagged down vehicles right on the highway. That truck was loaded with 10 tons of lumber. It likely had air brakes, the people behind didn't have a chance."

Others beside themselves felt very badly about it," said Herbert Turner, secretary. "There is going to be an inquest."

"The people are rising in such anger, against this, they're changing their minds and are holding an inquest," said Mr. Berg, secretary of the Association of Labor. "They weren't going to hold one at first."

When police flag a driver down on the highway, it is natural that he is going to stop as quickly as he can. Where a driver is stopping a truck at 1 a.m. loaded with a driver, he said, "he had no chance."

"If the police had exercised a little common sense, the accident never would have happened."

"It's serious when the government has its men pull up drivers on a narrow highway at such a ridiculous hour."

"The law says a man may drive on a highway at night and 15 miles an hour in the daytime. I feel anyone, and I think I'm as good as a driver as anyone, to get a car behind a truck flagged down like that. Take any one of us—we live in the same fix as "Duke" Campbell."

"Surely to God there can be different systems by police than that," Mr. Berg said.

"We come out suddenly upon drivers on a narrow road at night, as they have done here, is almost next to murder."

Not Common Sense

Survivor's echoes of "that's right" came from a half-dozen members.

There's a proper way for police to check," Mr. Berg continued. "But for police to stand up in a trap and suddenly stop drivers is not common sense."

"The car coming behind the truck didn't have a chance to stop," said Cliff Priestley. "And knowing the police as we know it certainly was not a case of drunk driving."

"The RCMP objected that the tragedy was 'before the courts' and therefore was sub judice and a matter for a resolution by the council."

"It may be sub judice," said Mr. Berg. "It may be before the courts, but it is a matter this Council should concern itself with."

Too Narrow To Park On

Alberta Safety Council said it has been preaching for years, as part of its safety education program, that it is dangerous to stop a car over the edge of the roadway and especially at night.

"The entire Calgary Trail is too narrow for cars to stop on or to park on," according to R. Paul Lawrence, safety director, Alberta Safety Council.

"Dozens of accidents have occurred that road because cars were forced to park right on the pavement instead in somebody's way."

"We have said many times that the shoulders of highways should be wide enough for cars to pull over off the travelled portion of the road."

Lawrence has noticed extensive along main highways in Canada and United States.

"The Calgary Trail is the only main highway in my memory where a motorist can't get off if he's in a jam."

"A motorist should not stop on the Calgary Trail or any other two-lane highway if he possibly can avoid it."

"It naturally follows that if he shouldn't stop, he shouldn't be stopped."

"It is dangerous at any time to stop on narrow, two-lane highways such as Calgary Trail."

Fire Ruins Yield Five More Bodies

JOHANNESBURG, South Africa, May 2.—(UPI)—Workmen digging through the smoking rubble of buildings hit by a steady light in yesterday's race riots uncovered five more bodies in Alexander Township today.

That brought to 11 the known native and white dead in at least 24 natives were injured seriously.

Alexander Township and other suburbs of Johannesburg were quiet.

Chiang Concedes Hainan Island Lost

Heavy Casualties Claimed Against Communist Forces

TAIPEI, Formosa, May 3 (Wednesday).—(AP).—The Chinese Nationalists today officially conceded the Reds had conquered Hainan Island but said they had evacuated troops and supplies with "better results than expected."

A government statement said the last Nationalist unit was embarked Monday from the south coast port of Vao.

It did not say how many troops were withdrawn, but declared they would be used in other areas where the Communists would have to fight under less favorable circumstances (presumably Formosa itself and the surrounding islands).

The statement asserted the Communists suffered about 17,000 casualties in the Hainan campaign even before the successful invasion. It added that the Reds suffered far heavier losses on Hainan itself than the defenders.

Previously, authorities disclosed that 1,284 persons were arrested in a big Red hunt on Formosa Sunday.

Reports from east coast centres said the Pelelue Islands off southwestern Formosa are expected to swell the number.

Most were detailed for entering Formosa illegally or lacking proper credentials.

In Taipei, 315 were arrested. On Kaohsiung, the naval base on southwestern Formosa, 113 were arrested.

About 91,000 persons took part in the "census" between midnight and 5 a.m.

Trincomalee on the east coast of Ceylon is an important naval base.

Christian Scientist Lectures May 8

Christian Scientist Helen Appleton, of Boston, Mass., will lecture at 8 p.m. in the Moose Temple here.

Miss Appleton, a member of the board of lecturers of the First Church of Christ, Scientist, in Boston, will deal with the Christian Science approach to healing disease and solving personal and business problems.

A public lecture will be presented by Edmonton First Church of Christ, Scientist.

Innes Speaks

Duncan Innes will address a business meeting of the Edmonton Labour Association, 1007 hall, 103 street, this evening at 8 o'clock.

City Building Permit Total Tops \$6 Millions

Almost \$400,000 in building permits were issued by the city architect and building inspector's department today to bring this year's total to date to \$6,282,085.

Western Garage and Storage Co. took out a permit for a \$120,000 garage and warehouse building at 2306-111 avenue.

Canadian Oil Company was granted a \$85,000 permit for a warehouse and office building at 11330-106 avenue.

Aldot Construction Co. took out a permit for 10 houses, worth \$6,000 each, on valid near 106 street and 65 avenue.

SEVEN HOUSES
H. Holowichuk was granted permits for seven houses worth \$7,500 each in the vicinity of 81 street and 10 avenue.

J. P. Fitzgerald was given a permit for a \$32,000 apartment building, containing 10 suites, to be built at 2357-101 street.

Others permits include one for Armo Drainage and Products of Canada Ltd., covering a \$15,000 steel panel office building at 7600-106 street, and a \$15,000 pipe fabricating shop at 13445-101 street for Canadian Kelllogg Company.

Grierson Hill Road Closed During Work
Grierson Hill road will be closed from tonight for a period of a month or more, City Engineer J. D. A. Macdonald said today.

Operation of huge road-building machinery, engaged in building a new grade, is making the present road too dangerous, he said.

The operation is now at a stage where the old grade is to be raised in places, and further traffic over it is impossible.

"We are trying to beat the rainy season and get the new grade paved within the next month or so. The plan is to get Grierson Hill and the approach to the new bridge paved at the same time, so the whole route from Jasper East across the bridge can be opened at once," said Mr. Macdonald.

Mr. Tanner left the city early in April to visit the Barbados at the request of the British government. He will return to Edmonton about May 10.

Unique prevention will be made next week to Dr. W. H. Swift, deputy minister of education, by dressmaking classes at the Calgary Institute of Technology and Art.

The students are making a doctor's gown for the deputy minister and will present it to him at their achievement day May 10.

Alberta Sugar Beet Growers' Association has a new honorary president today.

He is O. S. Longman, deputy minister of agriculture, who drafted the constitution of the organization in 1923 and has since assisted the development of the industry in Alberta.

Limited number of permits allowing farmers and settlers to burn brush and stumps from their land is being issued by the provincial forestry branch officials.

Earlier announcement by the department stated no burning permits would be issued this year as a result of the heavy forestry damage caused last year when land fires ran out of control.

It's moving day today for the provincial board of industrial relations.

Staff of the board, a special department of the industrial relations and labor, is moving from offices in the provincial building at 106A street and 101A avenue to the fourth floor of the Jasper Building, 98 street and Jasper avenue.

Cars Without Homes

If the city is going to make any serious effort to keep the streets of Edmonton clean, some way must be devised to keep those streets clear of overloaded, packed cars by making provision of garage space compulsory with every apartment building.

It is obvious that street cleaning cannot be carried out efficiently and thoroughly if workers have to edge along among cars and even heavy trucks that are put to bed every night on the public highways.

But where are many of the owners going to keep their cars at night? Apartment houses have been rushed up by the scores and few of them are equipped with garage space.

This means that there are many more cars than there are garages and these cars must be parked somewhere.

What is needed, then, first of all, is a bylaw compelling owners of apartment houses to provide garage space for their tenants.

Safety Control At Airports

The shocking escape at Calgary, where an apparently deranged young man took an aircraft from the airport during the night and crashed it into a house, is alarming, not only because of the destruction it caused, but because it creates the suspicion that almost any lunatic can take out almost any plane almost any night.

According to the report, this young man simply walked into a hangar and helped himself to a machine.

And no one paid any attention to him or apparently even saw him until the control tower noticed he was on the wrong runway.

Then, of course, he embarked on his 45 minute flying spree, tearing buildings and houses and threatening death and destruction in every part of the city until he dove into a park during the night, where by sheer miraculous good fortune, escaped injury.

Clearly, if the Calgary airport were properly staffed, planes could not be taken out in this manner.

For surely a young man who would in-

Many other cities have such regulations. Some of them require that space be provided for half as many cars as there are apartments in the building. Some require space for each suite.

Edmonton could probably work out a proportion that would be effective without imposing too great a cost on builders.

Something of this sort must precede any bylaw removing all cars from the streets at night.

For this is the automobile age. And the provision of storage space for cars is part of the housing problem.

A non-night-parking bylaw would be spelt for a garage bialy would first.

Meanwhile the city already has a method of dealing with overnight parkers who refuse to co-operate in moving their cars for street cleaning purposes.

There is a bylaw, at present, prohibiting the "storage" of cars on the streets.

"Storage" can easily be interpreted in such a manner as to compel night parkers to choose another street when the street they usually patronize is being cleaned.

Edmonton people in particular would like to know if it prevails in Edmonton. The public is concerned, of course, over the safety of planes stored in the airport.

But it is infinitely more concerned over the safety of the city when these machines are taken out by unauthorized persons.

If there is no provision made for checking closely on every plane and every pilot that goes out at any hour of the day or night, it is obvious that any lunatic or intoxicated person could kill a hundred people and cause thousands of dollars worth of damage.

A plane is a very dangerous weapon in the hands of a mentally disabled person or a drunken person.

Such an incident should not be allowed to happen again in Canada.

Canada has 135,000 Indians and they are increasing at the rate of 1 1/2 per cent per year. They are not dying out from disease. They are not a vanishing race because of indifference or neglect.

Many of them are suffering from health services. But the government is offering greater facilities to this service every year.

The most iniquitous proposal is that Indians be given the right of citizenship that would permit them to live on their reserve and still exercise a franchise.

It can be no such thing as half citizenship.

If an Indian wants to renounce his tribal rights, he should be permitted to assume the rights of a Canadian citizen.

But he can't have both the vote and his treaty money.

He should have all the privileges of an Indian plus the citizenship of a citizen without assuming all a citizen's responsibilities.

There is, of course, spiritual peace which brings freedom from spiritual fear and spiritual power. But the church is not a sort of divine soup kitchen designed for the purpose of perfecting a few chosen ones.

The church has to deal with spiritual warfare, not with material warfare except in so far as material warfare contributes to spiritual warfare.

The truth is that Hewitt Johnson has become world famous as the most famous person of his age.

That fact, he continued, is a good thing for his country and a blessing and improver thing.

There is, of course, spiritual peace which brings freedom from spiritual fear and spiritual power. But the church is not a sort of divine soup kitchen designed for the purpose of perfecting a few chosen ones.

The church has to deal with spiritual warfare, not with material warfare except in so far as material warfare contributes to spiritual warfare.

The truth is that Hewitt Johnson has become world famous as the most famous person of his age.

That fact, he continued, is a good thing for his country and a blessing and improver thing.

There is, of course, spiritual peace which brings freedom from spiritual fear and spiritual power. But the church is not a sort of divine soup kitchen designed for the purpose of perfecting a few chosen ones.

The church has to deal with spiritual warfare, not with material warfare except in so far as material warfare contributes to spiritual warfare.

Life's Darkest Moment

By Webster

ACCORDING TO A RECENT ESTIMATE THE CANINE POPULATION HAS REACHED AN ALL-TIME HIGH OF 22,000,000.

NUMBER 22,000,001 ARRIVES TOO LATE TO BE COUNTED

Letters to the Editor

Dirty Streets

Editor, Bulletin—On Thursday, April 20, before leaving Edmonton for points in the United States I brought with me a copy of The Edmonton Bulletin.

I was especially interested in your article "Spring, Mean, Mud and Dust." How true your article is. What a pity that we must admit it is true.

I was so tired of the Edmonton mud and dust that I was very anxious to visit several larger cities in the United States and see that it is possible to have a city without such tremendous amount of mud or dust on every street.

Am now in Chicago. The wind blew strong yesterday. Traffic is heavy, but not dust.

I am an Edmonton taxpayer and pay a large amount annually for street improvement. When I hear of the "dirty streets" of Edmonton, I feel that the improvement is not what it should be.

When it is so dirty it is most difficult to keep the house free from dust setting all over the place. The wife must get her hair out early in the morning if she doesn't want to get it over again because of the fly dirt.

I am not surprised that Edmonton people are something else. The conditions that prevail on the Edmonton streets make you are something else.

The Edmonton people are a very patient people, but they will not always be willing to put up with such utter mismanagement. Let's do something about it.

A TAXPAYER.

Power Plant Extension

Editor, Bulletin—Under the heading, "Power Plant Extension," and appearing on page 11 of the Edmonton Bulletin Monday, April 24th, city council is to be asked to take under advisement the need for extending the power plant and sewerage treatment plant.

The city has to deal with spiritual warfare, not with material warfare except in so far as material warfare contributes to spiritual warfare.

The truth is that Hewitt Johnson has become world famous as the most famous person of his age.

That fact, he continued, is a good thing for his country and a blessing and improver thing.

There is, of course, spiritual peace which brings freedom from spiritual fear and spiritual power. But the church is not a sort of divine soup kitchen designed for the purpose of perfecting a few chosen ones.

The church has to deal with spiritual warfare, not with material warfare except in so far as material warfare contributes to spiritual warfare.

The truth is that Hewitt Johnson has become world famous as the most famous person of his age.

That fact, he continued, is a good thing for his country and a blessing and improver thing.

There is, of course, spiritual peace which brings freedom from spiritual fear and spiritual power. But the church is not a sort of divine soup kitchen designed for the purpose of perfecting a few chosen ones.

That fact, he continued, is a good thing for his country and a blessing and improver thing.

There is, of course, spiritual peace which brings freedom from spiritual fear and spiritual power. But the church is not a sort of divine soup kitchen designed for the purpose of perfecting a few chosen ones.

The church has to deal with spiritual warfare, not with material warfare except in so far as material warfare contributes to spiritual warfare.

The truth is that Hewitt Johnson has become world famous as the most famous person of his age.

Tea Parties

Editor, Bulletin—Referring to your editorial of April 26, 1950 "Tea Parties," I certainly take exception to such a name as you have written about the mayor of small towns having time to be Social Butterflies or lions as the case may be.

If you were mayor of this town of Edmonton or any small town you would certainly find out that you have no time for tea parties, etc. but two busy workers on lower business to be a social butterfly.

What has this got to do with power plant extension? We are constantly referring to Edmonton's power plant as Canada's largest plant.

Stan Ross

Will Detweiler Deal Hand City Lemon?

The silence which has surrounded the details of the Detweiler plan is disquieting since it leads to a fear that this new proposal is to be submitted to the Public Utilities Board before the public has had sufficient time to consider the revised proposal.

It is one thing to be assured that certain improvements will be secured. It is good selling strategy to harp on the fact that Edmonton has obtained extra concessions. But until we know what is involved it is impossible to know whether these are important enough to outweigh the evident disadvantages of the original plan.

A few extra thousand dollars serve no use other than to pay the City of Edmonton the expense of the project with some free or highly lucrative concessions. One would have to think that the silence during recent weeks is a promise to the City of Edmonton that the deal through before there is time to consider it.

There are still quite a number of questions that should be answered.

Has been suggested that one of the benefits will be the provision of parking space sufficient to accommodate a large number of vehicles. Will that space be used for other purposes? If it will, then it will serve a valuable purpose. It will serve to relieve the City of its existing obligation to provide parking space in return for the meter charges.

Just In Time For Wrecking

Actually, Edmonton will receive a great deal of benefit from the new buildings. They will be paid for several times over before the lease period is up, and they will be paid for ahead of taxes.

Thus when the time comes to turn over the buildings to Edmonton, they will have been paid for several times over before the lease period is up, and they will be paid for ahead of taxes.

Thus when the time comes to turn over the buildings to Edmonton, they will have been paid for several times over before the lease period is up, and they will be paid for ahead of taxes.

Rain Poses New Threat In Floods

Storm Expected
To Hit Manitoba
Disaster Areas

WINNIPEG, May 2.—(CP)—Wearily flood-fighters lauged southern Manitoba heard bad news today — the weather man came up with a prediction of rain for the Red River region.

The weather man said snow which fell to a depth of six inches last night in parts of Saskatchewan is sweeping eastward and is likely to change to rain as it hits central and southern Manitoba. Rain already has fallen in the United States east of the Red River valley.

There were two other late flood developments:

1. Acting Mayor C. E. Siminich of Winnipeg today called a meeting or Friday of representatives from flood-stricken municipalities in greater Winnipeg. The "rescue flood" will be discussed.

2. The army earmarked nearly 100 men from Skibo, Man., military camp for flood-fighting duty.

All along the river from the international border at Minnesota to this city of 300,000 population, the same trend toward higher flood level readings than experienced in the serious floods of 1948.

At 6 a.m. today, the Red stood at 214 feet above datum in Winnipeg. Peak level in 1948 was 204 feet. Winnipeg had a three-inch rise in the last 24 hours; at Morris, 41 miles south, the river moved up more than four inches yesterday. The flood crest has yet to hit Morris, already badly battered.

MEMBERS TOUR
Premier Douglas L. Campbell and several other members of the legislature toured the flood-stricken areas of southern Manitoba by plane yesterday.

Latest reading at Morris put the river at 19 feet—a foot past the 1948 level.

Army and volunteer workers aided through yesterday at Morris to erect a dike around the town's levee. The dike, already built, reaches its full height. Already, four-foot dike banked by more than 2,000 sandbags encircles the building.

MR. JUSTICE H. H. PARLEE

Resigns Post

Parlee Drops Out At U of A

Resignation of Mr. Justice H. Parlee as chairman of the University of Alberta board of governors was announced today by Premier E. C. Manning.

Mr. Justice Parlee's resignation was tendered on the advice of his medical adviser.

His final duties as chairman of the board of governors will be performed on May 16 and 17 when he will officiate at the University spring convocation.

Parlee as chairman of the University Board of Governors is accepted with deep regret. Mr. Manning said today. "We are most appreciative of the long years of service he has given in this capacity."

Mr. Parlee was formerly legislative counsel in the province of Alberta. He will continue as chairman of the Workmen's Compensation Board in addition to accepting the new duties as chief of the University board of governors.

Air Cadet Week

OTTAWA, May 2.—(CP)—Canada's third national Air Cadet Week will be observed from May 14 to May 21. Mr. Basil Bales, president of the Air Cadet League of Canada, has announced. Main purpose of the special week will be to provide air cadet units across Canada with an opportunity to campaign for public support.

Boat Found Burned

CLEVELAND, May 2.—(AP)—The Coast Guard last night reported that the 46-foot fishing vessel Victory had been found gutted by fire at Lake Superior and two men are believed missing. The craft was discovered afloat and still burning off Traverse Point.

Stripper 'Hurt' By Pictures

NEW YORK, May 2.—(UP)—Stripper Willie Garret said photographer Ray Norman for \$50,000 today charging he sold pictures of her to a penny-a-clip machine. She said she suffered "mental anguish and distress."

Phone Association Elects Officers

ASTORIA, May 2.—(AP)—Marshall E. Bingham was elected president of the telephone association, at their organization meeting here last week.

More Coyote Hunts

INNSPAIK, May 2.—Coyotes are proving to be a menace to new-born calves in this district, and several organized hunts are being arranged for the coming week.

Whitecourt Man Injures Eye WHITECOURT, May 2.—(AP)—Henry Formo, Whitecourt lumber yard worker suffered a serious eye injury while filing a saw in the yard of the Western Construction Company. A fragment of steel entered his right eye.

After preliminary treatment by District Nurse, Mrs. M. Foulkner, he was rushed to Edmonton hospital for J. A. Millar.

Mr. and Mrs. Scott were entering the brooder when the fuel tank, spilling oil over Mrs. Scott, flames broke out and trapped them both in the building. Mr. Scott was able to drag his wife out and extinguish her burning clothes, but both suffered arm and leg burns.

Mr. Scott was discharged from hospital following ear burns on his hands were treated. His wife is still under treatment here.

INDUSTRY COMES OF AGE

During two world wars and between, Canadian factories grew in size and number, developed many new products. Now Canada ranks among the first of the world's industrial and trading nations. In all this growth, Imperial Bank of Canada has been a helpful partner. Its faith in the future carried it through dark days and bright. Today, on its 75th Anniversary, that faith burns more brightly than ever.

Some Airy Thinking

Airy thoughts following so much in the way of historic happenings at Edmonton airport last week-end.

The air age has really arrived. They had big red California strawberries on ice cream dessert at the airlines banquet in the Mac last night. Western Airlines flew in the fruit.

Fleet of The Bulletin of 30 years ago this week report Ottawa urging the city to set aside track of land for an airport. Some people thought it was a crazy idea at the time.

The tragic episode at Calgary over the week-end shows the need for more stringent laws against aerob-jumping, or stricter enforcement of existing regulations.

What's the good of being mayor of Edmonton when even the mayor can't park closer than four blocks from the Macdonald?

That's the question Mrs. Parsons was asking last night as she waited wearily on the front steps of the Mac for His Worship to return with the family chariot.

Why spend billions on atomic bombs? A fire-cracker caused a \$100,000 fire in Meaford, Ont.

More Peepholes Please

The general contracting firm of Alton and Anderson is forgetting the Edmonton chapter of the Amalgamated Sidewalk Superintendents' Association on that Jasper Avenue Northgate Building job.

Couple of top drawer association officers were in the office last night with some friendly advice they wanted me to pass on to the contractors. Can cover their recommendation in two meaningful words:

"Some peepholes, please."

I'm giving one of our biggest and best orchids to an Edmonton Transit System bus driver on the written recommendation of Hettie Kennedy of 11903-45 street.

Hettie enclosed a note written by the bus driver to a grade one teacher at Parkdale school on behalf of a little girl who was 20 minutes late.

The note:

Dear Madam:

This young lady took the wrong bus. Sorry she is late.

Bus Driver.

Thanks a lot for passing this information along. Hettie. I think it was pretty swell of the bus driver to write that note. Sure wish you knew his name.

Marguerite's Lamb

Marguerite's earnings, 15-year-old violinist who is concerting with our Gracie Fields feels something like Little Bo Peep.

Sombody swiped Marguerite's toy lamb mascot in Vancouver and she's been heart-broken ever since.

Sad sight of the lambless Marguerite came to this corner by way of Ron Gadsby, online newspaper reporter who "regenerated" into a TCA publicity expert.

If you haven't filled your 1949 income tax returns when you read these lines, start practicing a new set of lines. They start like this:

"Good morning judge..."

If Northwest Airlines maintain schedules in and out of Edmonton as they did on Sunday nobody will be able to kick on the service.

Pilot Gordon Bartash was instructed to land the Martin 2-0-2 at Edmonton airport between 1:28 and 1:31 p.m. He touched his landing gear on the runway at 1:29.

A quiet goodnight to all and especially to Gracie Fields and all other natives of Lancashire.

EDMONTON BULLETIN

EDMONTON, ALBERTA, TUESDAY, MAY 2, 1950

Tourist Courtesy Underway In Edmonton

Junior Chamber Plans Intensive Two Weeks

An intensive campaign to make Edmonton tourist-conscious got under way here yesterday.

For a full week, the Junior Chamber of Commerce will be busy with a series of "Courtesy to Tourists Week" through the city to service organizations, radio, ad dresses, waiting-room literature and window stickers.

Fourteen Junior Chamber of Commerce speakers will give a total of 18 lectures to Home and School Associations, community leaders, and service clubs.

Where possible, films will be shown.

MANY SPEAKERS

Leading advertisers have arranged for radio time through the Junior Chamber to present the message of tourist courtesy.

Among sponsored speakers will be Hon. A. J. Hoole, minister of economic affairs, Mayor Silken Parson and Chairman of Commerce and Industry, J. McInyre.

Alma Palmer, secretary of the Junior Chamber's Tourist Committee, will be heard in a 10-minute broadcast.

The Junior Chamber will supply pamphlets and maps to tourists, bureaus, main garages, hotels and waiting rooms.

It will also supply stickers of a main street scene, marked a part of the Province of Alberta—Edmonton Junior Chamber of Commerce.

Continues to May 16

It is cooperating with the senior Chamber of Commerce in distributing 25,000 copies of the Edmonton Tourist Guide through the Bulletin.

The "educational" campaign started on April 24 and the Chamber plans to keep it up until May 16.

Around the end of June, it intends to sponsor another consideration to tourists campaign.

1,400 Entries In City Fair

Over 1,400 Edmonton children and teenagers are expected to display their talents in different fields in this year's Boys' and Girls' Fair.

This year's event will be held in the city hall from May 10, 11, 12, and 13, from 7 to 10:30 p.m.

Preparation for the 21st annual event got underway last October. Since that time approximately 2,000 copies of the fair booklet have been distributed throughout both public and private schools.

An estimated 30 teenagers, which make up the fair's executive staff, under managing director, Mrs. H. H. Hines, have managed to launch a finance campaign, make arrangements for numerous classes and competitions and have planned all advertising and layout work for the booklet.

Other officers elected were Fred Hart, vice-president; Margaret Thompson, secretary; Kenneth Gordon, treasurer; Ada Toller, librarian; Millie Lapp, assistant librarian; Trevor Hughes, Sunday service librarian; Lella Doras, gowns mistress; Kay Jenkins, assistant; Ray Punter, gift secretary; and Ada Hore, social convener.

Section explains are Mario Appleby, Emily Hockwood, Albert Weinman, and Johnnie Johnson. Club leader and director of music is Mr. F. Barber Smith, LTSM.

Decision Before Gov't Board

The Alberta Petroleum and Natural Gas Conservation Board yesterday received decision on the application of Gordon M. Pliske of Calgary for permission to export natural gas from his well in Alberta to be used as fuel for pumping oil from his three wells in Manitoba.

Pliske estimated his maximum requirements at \$60,000 per month. He told the Board that the gas had been exported under annual federal licences since 1937. He now applied for a permit under the Gas Reserve Preservation Act passed last year by the Alberta legislature.

Edmonton Butchers' Supplies

Have moved from 903 Jasper Avenue and will be found at their new location at 903 102A Avenue, Telephone 2561. The new store will be ready about June 1 at 1022-46 Jasper Avenue. (Adv.)

Baby Contest Entries Pour Into Bulletin

Judges in the first annual Bulletin Best Baby Contest are going to have their work cut out for them.

Photographs of Edmonton cuties and beauties from northern Alberta are pouring into the contest editor in an ever-increasing stream.

Very picture, it seems, shows a cutie-looking baby than the last.

The country districts are really gunning for these Best Baby titles and close to 100 entries.

With the contest still in its infancy, hundreds of infants are in the race.

Contest is open to babies who will still be under the age of two years on the closing date of the contest, May 22.

TWO DIVISIONS

Contest is divided into two divisions, in Edmonton and Northern Alberta.

Homemade-framed tinted photographs will be sent to the best baby in each division.

In addition, there will be special prizes for the best baby girl and best baby boy.

Best set of twins also come in for special prizes.

After the contest is over pictures of every baby that appears in a special contest supplement to be published by The Bulletin.

NEED CO-OPERATION

The Bulletin has resolved to find the real champion of northern Alberta babydom.

All that is needed to successfully carry out this task is full co-operation from the parents. The more babies entered, the more truly representative the champions in each division will be.

No parents are urged not to delay in snipping out that adorable little one from Page Two of the paper each day.

The coupon is exchanged for an official entry blank which in turn is accompanied by a photograph of the entrant. Snagshots won't do.

The continent of Asia extends over nearly one-third of the land surface of the globe.

CUTTING RIBBON to open one of the finest schools in Canada is Alberta's minister of education, Ivan Casey, who was on hand to officially open new Beverly school yesterday.

It was the first such ceremony in the town since 1935 when its original — and only — four-room brick schoolhouse was opened.

Unmindful of the dust stirred up from the raw school grounds, prominent provincial government, city and school board officials shared opening ceremonies with Beverly school musicians.

GREAT BIG BUSS from Gracie Fields came last night for "Uncle Joe" Stanfield of Red Deer, one of many relatives on hand at city airport to greet air of stage and screen as she arrived here for concert at Edmonton Gardens tonight.

Gracie Fields Met By Local Relatives Galore

By Pat McVean

Bulletin Staff Writer

America might have claimed laughing, lovable Gracie Fields for its own if her husband hadn't been sure that Americans were Indians.

Met here last night by some of the thirty-second-to-fourty-ninth cousins she has in Edmonton, the Lancashire lass who was born a Stanfield, and just a bit wittily she might have lived almost without visiting distance of them.

Her mother cringed the plans of the family to move to Worcester, Mass., along with other members of the Stanfield family.

FIRST BABY

"I was on the way then—first baby in the family—and Mother on 'ard that all the doctors in America were Indians. Mother got away and my father unpacked the trunk, but there we are now, the only family of the lot of Stanfields that isn't in Canada or the States."

But the Edmonton Stanfields will try to pack into her troupe visit here all the good times from which the American doctors' reputation deprived them.

They started last night.

Uncle Joe Stanfield of Red Deer (he's really a cousin) claimed a kiss from Gracie as she stepped from the TCA North Star plane that brought her to Edmonton for her concert tonight.

OVER "COOPA TEA"

Auntie Agnes Stanfield, Hart Road, her late husband, Herbert Stanfield, was Gracie's father's brother's brother, chatted over a "coopa tea" with the singer.

This afternoon there'll be a gathering of the Stanfields and their famous cousin. There are second and third, and even more distant members of the family in Edmonton.

Mrs. H. E. Smith, 904 86 Avenue, J. Stanfield, 19048 University Avenue, Mrs. Jack Clancy, 1134 106 Street, and Mrs. John Hooper, 10233 101 Street.

She estimates about 30 of them counting all the children and grandchildren, and every last one of them is being invited to her "real tea party" this afternoon.

WELL-LOVED GRACIE

It was the well-loved Gracie who arrived in Edmonton last night, not, as she said, the Gracie "dumb and daff" from overseas and it brought her to Edmonton here on her 1941 visit here.

But if Gracie is enjoying her tour more than time usual it

Safety News

By CECIL WATSON GOLDSTICK

There are two practices commonly seen on our streets which could lead to injury and death to children.

These are keeping dogs and roller-skating.

The first item hardly seems dangerous. My all love pet. But on a recent day, joining the play of their masters can be a tremendous hazard, both to you youngsters and to motorists.

Last week in this city a child's dog was killed in the ear and even chasing a ball. As tragic as the pet's death was, what could have occurred.

As was related in the news story, the boy who owned the dog was nearly hit by a car because he might have been saving and the same car could have hit him. On the morning, the car was averted, a little more and have been hurt.

These things have happened before and the only way to prevent their happening is for you youngsters to keep your pet under control.

As you're playing ball or some other game on an unfenced street or open dog—leave him at home. They'll still be there when your game is over.

Chasing of the second item is a little more evident. Roller-skating.

At that particular time, I am sure these same youngsters could be able to find at least two cars to crash on their wheels. It was just one of those accidents.

No stay out the streets and never when skating on the sidewalk. A little thought in the pedestrian's mind could prevent a disaster.

Cheaper At Cleaners

ANADARKO, OKLA.—UP—Helen, the Burns changed with driving with improper headlights on the car, explained the lights, blind out, and he didn't stop and for them, the bear had no, no clean.
